### THE STAR SPANGLED BANNER

By Fugate Scott Keys

O say, can you see, by the dawn's

early light,

What so proudly we hailed at the

twilight's last gleaming?

Whose broad stripes and bright stars,

through the perilous fight,

O'er the ramparts we watched, were

so gallantly streaming!

And the rockets' red glare, the bombs

bursting in air,

Gave proof through the night that

our flag was still there,

O say, does that star-spangled banner

yet wave

O'er the land of the free and the

home of the brave?

Oh! thus be it ever, when freemen

shall stand

Between their loved homes and the

war's desolation!

Blest with vict'ry and peace, may the

heaven-rescued land

Praise the Power that hath made

and preserved us a nation.

Then conquer we must, for our cause

it is just,

And this be our motto: "In God

is our trust."

And the star-spangled banner in tri-  
umph shall wave

O'er the land of the free and the

home of the brave!

### HUMORETTES

"Rastus, what's an alibi?"

"Dats provin' you wuz at prayer

meeting whar you wasn't, in order to

show you wasn't at the crap game

whar you wuz."

Auto tops and seat covers that

are good. The price is right.—

Howard Kilpatrick.

### Main Street Looks at Broadway

By OBSERVER

Sharps

It's a good plan when visiting

New York to keep moving right

along. A stop is likely to lead to

anything, including a chance to

spend or give away some of your

hard earned money. Nowhere else

in this country are there so many

people living by their wits as in this

city.

These men can be found every-

where, from the ritziest hotels and

most elegantly furnished Wall

Street offices to the sidewalk curbs,

and they are all after the same thing

—your money. Back in one's home

town, practically the only unexpect-

ed appeals that come to you for

money are from book agents and

backdoor solicitors. These men are

awfully after your money and you

can slam the door in their faces and

end the attack.

• • •

### Kid Business Men

Even the children here intercept

one on the streets in the unending

game of trying to separate you from

your coin. Most of them are boot-

blacks of the kind Horatio Alger

made famous two generations ago.

They are usually worthy little chaps

and well deserve the nickel they

charge for polishing your shoes.

They are much the same type as

Alger drew as a picture of New

York life, except that few of them

nowadays are ragged, like his

heroes, but instead are well-shod,

aggressive little chaps with a keen

eye to business. Their shines might

be a little more lasting, but that is

the penalty one pays for dealing

with a sidewalk merchant.

• • •

### Street Performers

At night most of these little lads

go in for street performances. Their

favorite stamping ground is the

sidewalk outside of a theater during

the intermission of a play.

When the theater-goers come out

to smoke a cigarette or get a breath

of fresh air, these youngsters go

into action. One of them starts

playing a mouth organ and the

others jig. Some of them turn cart-

wheels and clever little juggling act

with a worn derby or an orange.

Then the hat is passed and quite a

few dimes drop into the hat. Their

act is often so interesting that the

spectators are late in getting back

to their seats, causing more than a

little annoyance. But it is one of

those things one soon gets used to

in this city.

The second step in the health  
program, being carried out under  
the direction of Miss Jean Dun-

nett, health nurse for this Dist-

riect, will be taken Thursday,  
July 9, when the first dose of

diphtheria toxoid will be given,  
according to Mrs. C. E. Frost,

chairman of the committee spon-

soring the health movement.  
Plans were made to adminis-

ter diphtheria toxoid about a  
month ago and dates were an-

nounced, but owing to the fact  
that the supply was depleted,

it could not be administered, and  
some one hundred small pox vac-

cinations were given on that date.  
It is especially desired that

children from one to twelve take  
the diphtheria toxoid, the first

dose of which will be adminis-

tered on July 9, Mrs. Frost said.  
The second dose will be given three

weeks later.  
Parents who desire their child-

ren to have this free toxoid  
must have their children at the

high school building at 10 a. m.  
Thursday, July 9th, and it will

be administered between the hours

of ten and twelve, according to

Drs. Lane and Osterhout who will

assist in administering it.

Miss Dunnnett expressed herself

as being delighted with the re-

sponse to the first administration

of vaccine, and said she ex-

pected an unusual number to

avail themselves of the diphtheria

toxoid which is free.

### LOCAL HOSPITAL IS NOW READY FOR SERVICE

The Comanche Hospital is now

ready for service to the citizen-

ship of Comanche County and in

fact has already served its first

patients, according to Dr. J. J.

Osterhout, who established the

sanitarium here.

What for years has been known

as the Arthur House proved

rather easily adapted to the needs

of a sanitarium, according to

Mrs. Osterhout, who will have

charge of the business office and

the nurses.

The first patient to undergo

an operation at the sanitarium

was Mrs. Jno. Jacobs, who was

operated on Wednesday, June 24,

and was able to leave the hospi-

tal on Monday.

In discussing opening of the

sanitarium here, Dr. Osterhout

said, in deciding on Comanche

as a place to make his home

the rest of his life, that he felt

there was a need among the

twenty thousand people in and

adjacent to Comanche for a sani-

tarium where their medical needs

could be cared for, and that he

was delighted with the reception

given him by the people of Com-

anche.

It is his hope, Dr. Osterhout

stated, that as he becomes ac-

quainted with the people of Com-

anche and as they become ac-

quainted with him and the sani-

tarium is built up, that he can

build a modern hospital here.

And it is toward this end, it

is his intention to add all modern

facilities to his present equip-

ment in an effort to give the

citizenship of Comanche medical

service second to none in this

section.

### McDonald To Open Ice Depot

T. A. McDonald has opened an

ice station in the building for

a number of years occupied by

Vineyard's Grocery on the north

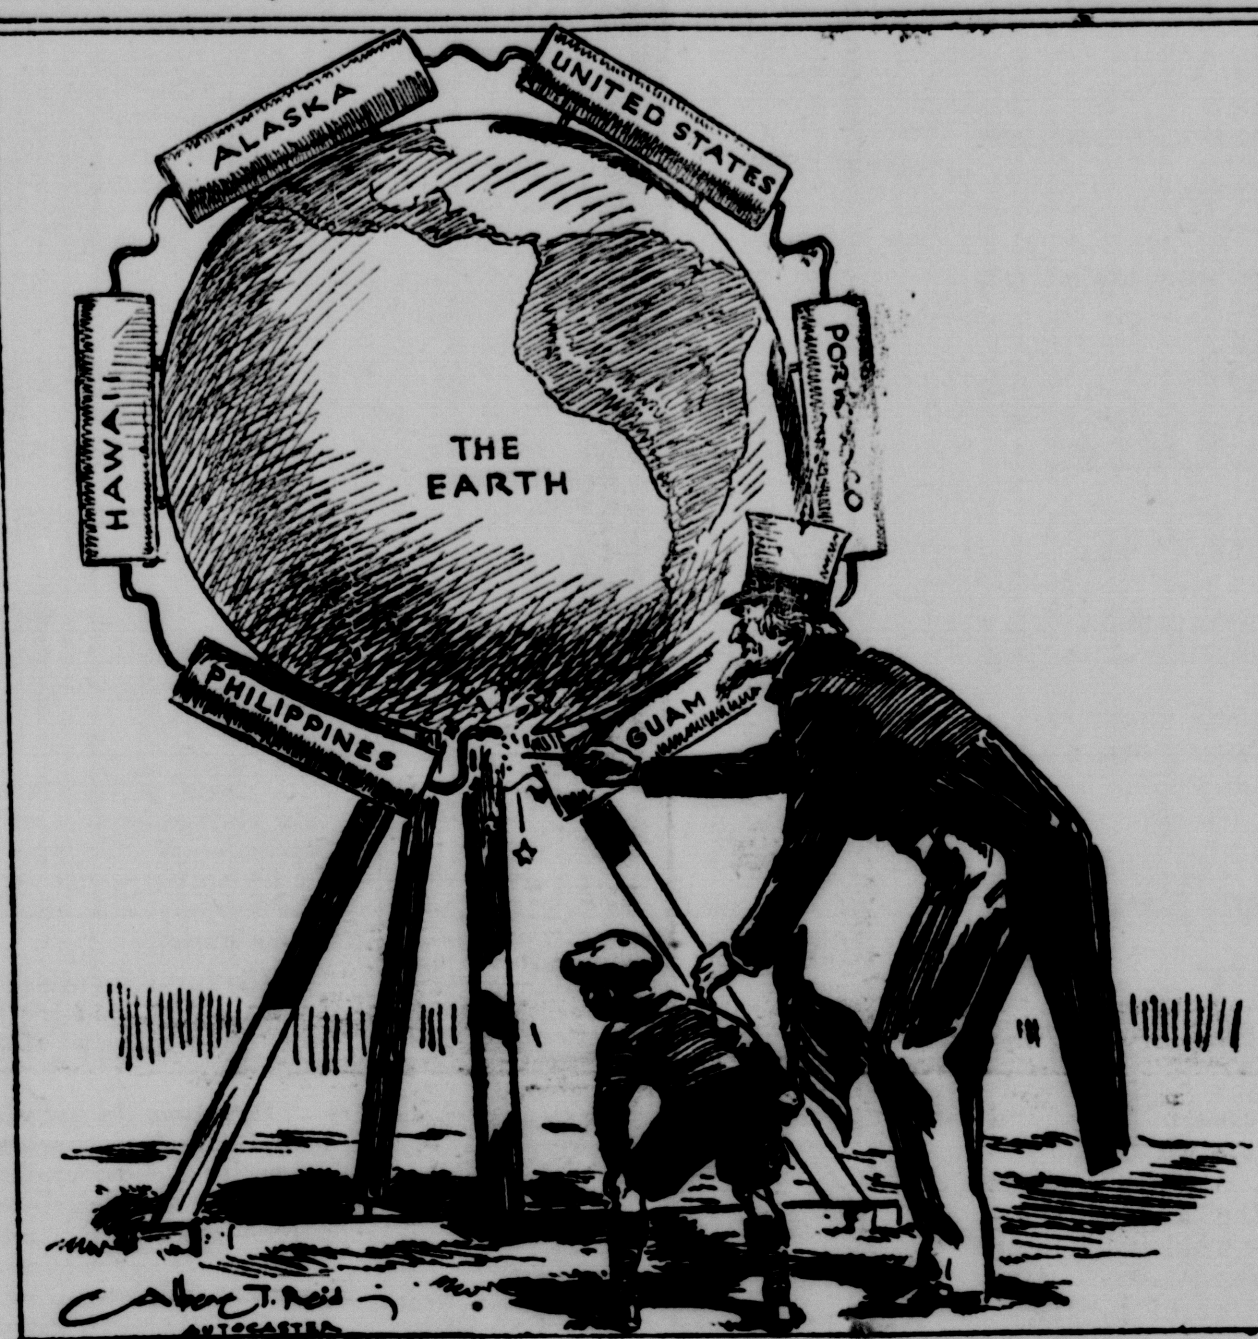

side of the square, opening his

business Friday.

Mr. McDonald will do a dock

business, he says.

### PRIDDY GRAIN YIELD HEAVY

Approximately 6,000 acres of  
grain were harvested this year  
in the vicinity of Priddy and  
threshing in that vicinity is now  
about two thirds completed. The  
yield is the best ever raised in  
that section according to Adolph  
Kunkel, operator of one of the  
four threshers in that district.  
The acreage this year is twenty  
five per cent greater than nor-

mal according to Carl Jeske who  
attributes it partly to the fact  
that farmers were unable to  
kill out the volunteer grain last  
spring by even plowing it up.

Mr. Jeske says that several farm-  
ers tried to put their stubble  
in cotton and row crops, but every  
time they would start a crop a  
rain would follow and the grain  
would never die.

In addition to Mr. Kunkel,  
Tichler Brothers, Gottlieb Tichler,  
and Schuster Brothers are oper-  
ating threshers and all are  
busy from daylight until dark  
in saving the grain.

Most of the farmers are holding  
their grain according to Mr.  
Jeske who said that they were  
selling just enough to pay the  
expense of harvesting and thresh-

ing and in the case of wheat  
were storing enough with the  
flour mills to furnish their flour  
on an average for three years.  
Many of them still have a year's  
supply of flour coming to them  
from the mills on their trade in  
last season. Some are forced  
to sell because of lack of stor-

age Mr. Jeske said.  
Oats are averaging from 45  
to 88 bushels per acre, wheat  
from 25 to 38 with one small  
patch of wheat reported having  
produced 41 bushels.

Adolph Kunkel's barley pro-  
duced more than sixty bushels  
per acre. One field of this was  
said to have grown so rank that  
the man riding the binder could  
not be seen above it, and some  
of it measured well over seven  
feet.

G. A. Gromotzky threshed an  
average of 75 bushels of oats  
from 90 acres. Another good crop  
was that of Carl Janner who  
threshed 6432 bushels from 110  
acres.

### CONCRETE DOWN TO COUNTY LINE, FINISHED SAT.

Last Mixer Full Dumped About  
8 Saturday Night

At 8:00 o'clock Saturday night,  
June 27th, the work of laying  
concrete on Highway No. 10 was  
completed to the Comanche county  
line. The contractors were de-

termined to finish the highway  
to the Comanche county line,  
about two miles beyond Blanket,  
before commencing work on this  
end of the line which will begin  
early Monday morning. The lay-

ing of concrete will begin across  
the Bayou valley Monday and  
will be extended into the city  
and connect with main street at  
the Harris Motor Company's cor-  
ner. This end of the highway  
from a point about a mile north  
will be 20 feet wide.

Mr. Marshall Moore, who is  
in charge of building the bridge  
across the Colorado on Highway  
No. 10, between Brownwood and  
Brady, will begin work on the  
bridge sometime during the fore  
part of the coming week.—Brown-  
wood News.

### Two Cars Of Wool Shipped

What is thought will be the  
final shipment of wool was made  
from Comanche Saturday when  
28,000 pounds went out over the  
Cotton Belt to Boston. The wool  
was produced by Walter Barrett  
and Clarence Albin and was sold  
to Max Marshall of San Angelo  
for 16 cents.

Ten cars, totaling over 300,000  
pounds and a car of mohair were  
shipped from Comanche this sea-

son.  
J. W. Priddy made over 8000  
bushels of oats on a hundred  
acre tract.

Among the best grain crops  
was that of Ernest Walters whose  
wheat averaged 88 bushels and  
a small patch averaged 41. Mr.  
Walters oats averaged 88 bushels.

### FIRST PEAS ARE SHIPPED

The first shipment of black  
eyed peas to the Tasty Food  
Products Company of Brownwood  
was made Wednesday when the  
truck in charge of Ogen Wetzel  
loaded peas at the local ice  
plant.

Shipments were unusually heavy  
for the opening day and Mr.  
Wetzel expressed himself as be-  
ing very much pleased with the  
response of the farmers to this  
market for their products.

According to arrangements, the  
Tasty Food Products Company  
will buy peas today, July 3rd  
and hereafter on every Tuesday,  
Wednesday, Thursday and Fri-

day.  
Mr. Wetzel asks us to again  
call attention of the farmers to  
the fact that the firm buys only  
shelled peas and that the snap-

ping peas must not be snapped,  
and that every producer must  
bring nine pounds of snapping  
peas with every ten pounds of  
shelled peas as they must have  
this proportion in order to pack.

Mr. Wetzel also warns the grow-  
ers against bringing snapping  
peas that are too tough, and  
only black eyed peas can be  
used.

### To Operate Star Service Station

A. E. Thompson has taken  
charge of the Star Service Sta-  
tion on the Brownwood highway,  
effective July 1st, according to  
Mr. Thompson's statement.

Mr. Thompson will continue to  
operate his battery station at  
his present stand, the filling sta-  
tion simply being an additional  
business, he says.

### New Diving Tower For Lake

Sponsored by J. B. Carnes, a  
new diving tower was erected  
at Lake Eanes swimming pool  
this week through donations re-

ceived from the boys and busi-  
ness men.  
The funds raised were used  
for material and the labor do-

nated.

### ADVOCATES REPEAL AT NEXT SESSION

Goldthwaite, Texas,  
June 29, 1931.  
Editor Comanche Chief,  
Comanche, Texas.

I have read with interest the  
recent articles in The Comanche  
Chief written by yourself and  
one of your readers, in regard to  
the so-called Peddlers' Bill passed  
by the recent legislature. I wish  
to congratulate you upon the  
position which you have taken on  
this legislation. It is difficult for  
me to imagine a piece of more  
iniquitous or unjust legislation  
than this bill, which attempts to  
place an occupation tax on those  
who furnish the farmers of this  
district with a ready market for  
their farm products.

Thinking that it would be of  
interest to the citizens of my dis-  
trict to know something of the  
history of this legislation, I am  
writing you this letter with the  
hope that you may publish it, in  
order that the facts may be  
known and my position on this  
bill understood, and also to create  
interest in the matter so that  
it may be repealed, if possible,  
at the first opportunity.

The bill embodying the Ped-  
dler's Tax known as House Bill  
No. 251, by Representative Ray  
Holder of Dallas County, and  
was stated by its author to be  
a corrective measure of our pre-  
sent occupation tax law, and was  
really such, with the exception  
that it contained a section dif-  
ferent from any found on our  
present statutes in regard to  
peddlers of farm products. It is  
my honest opinion that, due to  
the fact that there were many  
provisions in the bill not related  
to the subject herein discussed,  
the sponsors of the bill believed  
that they could slip the same  
by the legislature by calling it  
a corrective measure, without its  
real purpose being discovered.

When the bill first came be-  
fore the House of Representa-  
tives for discussion, having dis-  
covered its real purpose, I of-  
fered an amendment which cut  
out all that portion of the bill  
which required a tax to be paid  
by those who dealt in farm pro-  
ducts, and the same was adopted  
by practically a five to one vote  
in the House. Due to adjournment  
and other business it was several  
days before the bill again came  
before the House for considera-  
tion, and during this time the  
wholesale produce men and the  
association from which they pur-  
chase fruits and vegetables, flood-  
ed the legislature with letters  
and petitions, and hundreds came  
to Austin and pleaded with the  
members of the legislature to  
place a tax on these peddlers,  
who they claimed were ruining  
their business.

As a consequence, when the  
bill again came before the House  
for consideration, another amend-  
ment attempting to reinstate that  
portion of the bill which had  
been knocked out by my amend-  
ment was introduced, but with  
the assistance of the Honorable  
Penrose Metcalfe of San Angelo,  
and the votes of our fellow mem-  
bers, we were able to defeat all  
attempts to place this occupation  
tax on those who dealt in farm  
products, there having been much  
interest created by this time.  
However on this occasion the  
vote was very close. The bill  
as passed by the House contained  
none of these objectionable fea-

tures.  
Having learned that an effort  
was being made in the Senate  
to place the bill back in its  
original condition, I appeared  
before the Senate committee, speak-  
ing against this provision of the  
bill, and did all that I could to  
get our Senator to assist me in  
my fight against its passage.  
But he did not see fit to do,  
thus I persuaded Senator Hol-  
brook of Galveston to lead the  
fight in the Senate which he  
did with credit to himself, even  
though he was unsuccessful. In

\*A "Special Brand" Tire is made by a manufacturer for distributors such as mail order houses, oil companies and others, under a name that does not identify the tire manufacturer to the public, usually because he builds his "best quality" tires under his own name. Firestone puts his name on every tire he makes.

Sunday night was our regular singing night. Music was furnished by Miss Pauline Ray and Roger Chambers.

The first family re-union of this season was held here June 5th and 6th, at the home of Mr. and Mrs. M. E. White, residing four miles north of Lamkin. This was the first time the family had all been together in 21 years. Mr. White has nine living children and three step children and all of them were present to enjoy this occasion except M. W. McCarty one of his step-sons who with his family was absent.

Mr. White is a pioneer of this section, born in Leon County, October 19, 1857. And came to Comanche County in 1869. The Indians made their last raid near Lamkin and were driven from the county that year. At this time Comanche was a frontier town, and the county had only been organized 13 years. All grazing land was unfenced, field fences were built of split rails, rocks and brush.

"Uncle Mat" as he is called by many friends, came to this county when he was only twelve years old. When he grew to manhood, Mn White took up ranching, and has never been a very extensive farmer. But is living on the same ranch and farm that he bought 50 years ago.

Mr. White has always been interested in the education of the younger generations, he rendered almost 45 years of his service as school trustee for old Fairview and Lamkin schools.

His children present at the reunion were: Mrs. G. L. Woolsey and family, Lamkin; Lee White and family, Dalhart; Mrs. Geo. N. Bradley and family, Portland; Mrs. Jas. D. Rondeaux, and family of Fort Worth; Mrs. A. E. Holman and family, San Antonio; Mrs. Geo. A. Trout and family, Berkeley, California; M. B. Whitton and family, Duncan, Oklahoma; Dewey and Laron White both of Lamkin, Will McCarty and family of Dalhart, and Mrs. J. J. Caudle and family of Hale County who are step-children.

# ACID STOMACH

**EXCESS** acid is the common cause of indigestion. It results in pain and sourness about two hours after eating. The quick corrective is an alkali which neutralizes acid. The best corrective is Phillips Milk of Magnesia. It has remained standard with physicians in the 50 years since its invention.

A spoonful of Phillips Milk of Magnesia neutralizes instantly many times its volume in acid. Harmless, and tasteless, and yet its action is quick. You will never rely on crude methods, once you learn how quickly this method acts.

Be sure to get the genuine. "Milk of Magnesia" has been the U. S. Registered Trade Mark of the Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1875.

# The Way of Life

BRUCE BARTON

## Cops

As we drove along beside the Hudson River we noticed a crowd at one of the piers. A discouraged gentleman had attempted to drown himself.

Dripping and dejected, he sat on an empty barrel, while the cop who had pulled him out of the water talked to him like a big brother. Presently the patrol wagon arrived to take them away, the cop still uttering words of friendly encouragement.

At a busy corner stood a woman with a baby in her arms and a youngster tugging at her skirt, anxiously viewing the torrent of traffic, afraid to plunge in.

The cop in the middle of the street sighted her, and raised his arm with a knightly gesture. The city stopped while the timid little mother crossed over.

It was late at night. On the steps of a residence, the windows of which were shuttered, a man was slouched in an obvious state of intoxication.

A cop touched him on the shoulder. They held a brief conversation. Presently the cop hailed a taxi, loaded the inebriated citizen in it, gave instructions to the taxi driver, and the taxi drove away.

These incidents, occurring within my own sight and close together, reminded me that I have long intended to write a little something about Cops.

I have been a respectful admirer of them for years. They are so good looking physically, so even tempered, so courteous and so sensible.

Doubtless there is an occasional grafter among them; no large group of men in any profession is free from black sheep.

I admire most of all their self-possession and the sound common-sense way in which they go about their work. Adlai E. Stevenson, once vice-president of the United States, used to quote a friend's remark that "the Constitution of Illinois is an almost perfect document, but it should have one additional paragraph. It should provide for an appeal from the Supreme Court to any two justices of the peace."

The idea was that when all the high-priced lawyers and judges had finished their legal wrangling, then a couple of country chaps should render a final decision on the basis of simple common sense.

I recall that remark whenever I see a cop calmly taking testimony and dispensing justice in a traffic case. I feel then like adding a paragraph to my will, to read:

"In case of any dispute among my heirs, the whole matter shall be submitted to the nearest traffic policeman, and his decision shall be final."

# EPIC PICTURE, "CIMMARON" COMING TO RITZ

A mighty human story spent against the sweep of rampaging empire is Radio Pictures' gift to the great things of the screen in "Cimarron," which comes to the Ritz Theatre in Comanche, Tuesday, Sunday, Monday and Tuesday, July 12, 13 and 14th.

Towering above the current film crop as Yancey Cravat towered above the stalwarts of the old Southwest, the film holds every ounce of the power and majesty Edna Ferber packed into her history-making novel. Around Richard Dix in the role of Yancey, is spread this drama of Oklahoma, her men, her women, her heroes, and—well those glamorous others we must have always with us.

Here is the story of Yancey and Sabra Cravat, told with the some rugged honesty Edna Ferber lifted from the oil-drenched soil of Oklahoma to strike life into her novel. Opening amid the clamor of '89's historic land rush, the picture moves with unimpeded speed through the whole turbulence of Oklahoma's history.

Irene Dunne is Sabra—the lace and lavender daughter of the Louisiana Veneables who plunges with the adventuring Yancey into a land of men with hair on their chests and hell in their hearts. She it is who becomes the most heroic figure of them all—that is, except the matchless Yancey.

The Story of "Cimarron" In the Oklahoma land rush, April 22, 1889, is a picturesque attorney-critic, Yancey Cravat (Richard Dix). At the sharp report of the starting pistol, the ondescript thousands rush forward, afoot, horseback and in animal drawn vehicles. Yancey's pony races beside that of a young girl, Dixie Lee (Estelle Taylor). They outdistance the others. The girl through trickery, secures the piece of land Yancey wanted—leaving him empty-handed.

He returns to his home in Wichita, and announces that he and his family will move to the new Oklahoma settlement. The wife, Sabra, (Irene Dunne), in spite of vigorous family objection, goes with him.

Nine days later the Cravats, with their son, "Cim," (Douglas Scott) and Isaiah, Negro boy (Eugene Jackson) arrive in the boom town of Osage, only to learn it is an unhealthy place for editors—one having recently been assassinated. Yancey promptly notifies the citizens that he will expose the murderer in the first edition of his paper.

Lon Yantis (Stanley Fields) suspected of the murder playfully shoots a hole through Yancey's hat, as he walks with Sabra. Yancey answers with a hole through the "bad man's" ear. The feud climaxes the following Sunday with Yantis' exposure and death at the hands of the new editor.

Sabra is speechless with horror as she notes that her husband files a sixth notch in his revolver handle.

A year later many things have happened to the Cravats. A daughter is born to them. Yancey's editorial dictatorship is accepted. "The Kid," a notorious outlaw, attempts to rob a bank in Osage but is killed by Cravat, who spurns the \$10,000 reward much to his wife's dismay.

Three years later Yancey unexpectedly rides away to ride in the opening of the "Cherokee Strip," leaving his family behind. In 1889 he returns in the uniform of a Spanish-American war veteran. Hardly has he embraced Sabra, who is now a powerful political figure, when he rushes to the public defense of Dixie Lee. The latter is being tried on a public nuisance complaint preferred by Sabra. At Dixie Lee's acquittal, Sabra is bitter toward her husband—but not for long.

Nine years later, in 1907, Oklahoma is admitted to the Union. Indians, because of oil found on their arid lands, have become fabulously wealthy. Inter-marriage has raised them to social equals of the whites. Yancey Cravat, the crusader, feeling that his work for the Indians is finished, disappears.

Sabra, in spite of her hungry heart, grows more powerful as editor and Congresswoman.

A Congressional party visits Osage to attend the unveiling of a memorial to the Oklahoma pioneer. Sabra takes them to view the oil fields. A gusher comes in with a swishing roar.

Word spreads that the nitroglycerin torpedo has been forced up by the premature flow of oil, and the lives of the entire party have been saved by an unknown man, who suffered fatal injuries in the attempt.

Sabra hears that the hero is known as "Old Yancey."

She rushes through the sea of oil, and takes the crumpled form of Yancey Cravat in her arms. As he dies, his statue is being unveiled in the town of Osage.

ICE! ICE! I have opened an Ice Depot in the building until recently occupied by Vineyard's Store and will appreciate your patronage. Lowest price.—T. A. McDonald. 1tp

## N. E. Palmer Buried Friday

N. E. Palmer, former County Clerk and well known citizen of the county, died at his home in Comanche Thursday afternoon, June 25, following several months of illness. Funeral services were conducted at the Baptist Church by Rev. Gordon Barrett, at 10 a. m. Friday morning and interment was in Oakwood Cemetery. Active pall bearers were: George E. Smith, Wade Everidge, J. W. Robinson of Gustine, N. N. Durham, J. D. Slack, J. D. Waring.

Mr. Palmer was born in Leon County, Texas, May 4, 1855, November 4, 1883 he was united in marriage to Miss Nellie Hill, who survives him.

For a few years after his marriage, Mr. Palmer taught in the rural districts of Leon county. He came to Comanche County as teacher of the old Union School in 1886 and continued to teach in that vicinity until 1892 when he was elected County Clerk. He was re-elected in 1894 and after completing his term engaged in business in Comanche. For a number of years he operated a cotton yard in connection with W. F. Durham and later was associated in the mercantile business with J. C. C. Martin as a member of the Martin and Company Firm. For a number of years he was one of the directors of the First National Bank. Since 1920 he has been manager of the Comanche Marble Yard.

While in his teens, Mr. Palmer was converted and united with the Baptist church. He was a member at Comanche at the time of his death and had been one of the deacons for over thirty years. He was also a member of the Masonic Lodge.

In addition to his widow, Mr. Palmer is survived by a brother, Marcus L. Palmer of Leon county and the following children, Frank Palmer of Brownwood, J. E. Palmer, Homer Palmer, Miss Anne Palmer and Mrs. Ruth Milton of Comanche. The eldest son, Hubert, died in infancy in 1885 and Garret, died in Comanche during the influenza epidemic, January 1, 1919.

# CO'S LARGEST INDIVIDUAL GRAIN CROP

Threshing commenced Saturday on Comanche County's largest individual grain crop, when Oscar Callaway started his thrasher on his 850 acres of oats and wheat, near Mercer Gap.

"This is the best crop of grain I have ever raised and it is the best crop this valley ever raised and I have been familiar with the crops of this farm and this community for forty years," Mr. Callaway said, discussing this year's yield.

Mr. Callaway has 400 acres of oats at his home place and one hundred acres near Energy, and has 450 acres of wheat at his home place. Mr. Callaway estimates that his whole crop of oats will be better than 60 bushels to the acre, and he thinks his wheat will average thirty bushels per acre.

The first field threshed gave 70.1 bushels per acre and this is not the best oats that Mr. Callaway has, though all his oats are not that good.

In harvesting the 850 acres of grain, three machines pulled by tractors were used and about two weeks were consumed in the harvesting due to the fact that a lot of the wheat had to be cut one way when it bedded down following the rains.

Mr. Callaway will thresh, it is said by those familiar with grain crops between thirty and thirty-five thousand bushels of oats and in the neighborhood of fifteen thousand bushels of wheat. In addition to his grain crops, Mr. Callaway has 225 acres of cotton which is unusually good and he has 100 acres of grain sorghums.

# ANNOUNCES THE DATES FOR 4-H ENCAMPMENT

Dates for the annual 4-H Club Encampment are announced as Thursday and Friday, July 16th and 17th, according to County Agent, J. A. Barton, who says that the encampment will be held at Lake Eanes this year.

The 4-H Club Encampment has increased in interest tremendously during the last few years, Mr. Barton says, and this year he expects even a greater attendance than heretofore.

### C. J. Thaxton

#### Buried Wednesday

C. J. Thaxton, 79, father of C. J. Thaxton, 405 East Adams Street, Brownwood, died at the home of his son at 11:00 o'clock Monday night. Mr. Thaxton had been visiting his son since January and had been in ill health most of the time.

Funeral services were held at the Austin-Morris funeral parlors at 8:00 o'clock Wednesday morning, July 1. The body was then brought to Comanche and a service held at 10:00 o'clock, Rev. A. E. Prince, Pastor of the First Baptist Church, Brownwood, conducting the services. The Knights of Pythias lodge had charge of the services at the grave.

Mr. Thaxton was well known in Comanche and over a large section of the state, and is well remembered by many citizens as a musician. He moved with his wife from Alabama in 1884 and settled in Comanche, where he lived until the death of his wife, who was buried in Comanche in 1904. He then moved back to Alabama and had lived there until last January.

He was born January 3, 1852, in Butts county, Georgia. The family moved to Alabama when he was only two years old and he grew up in that state and was married to Julia Gray, February 20, 1870, in Talapoosa county, Alabama.

Mr. Thaxton is survived by four children, two sons and two daughters. They are: T. M. Thaxton of Roydon, Okla., C. E. Thaxton of Brownwood, Mrs. J. R. Peterson of Grimes, Okla., and Mrs. Clyde Zugger of Oakland, Calif. A brother, J. R. Thaxton of Memphis, Texas, also survives.

## CARD OF THANKS

We wish to express our gratitude to those who were so kind to Mrs. M. E. Boykin during her last illness and for the beautiful floral offering, words of sympathy and assistance at the time of her death and burial. We wish especially to thank Dr. A. J. Gray, her physician; Rev. Gordon Barrett, her pastor, and Mrs. John S. Hart, a neighbor, who for years was so kind and thoughtful of her. We also wish to thank the quartette who sang at the funeral.—Her children and Brother.

On Comanche Route 2: J. W. Powers, J. F. Powers, R. L. Poyner, L. D. Ragland, W. L. Reed, T. R. Randall, C. L. Robertson, Robb Reed, George E. Ripley, J. W. Robertson, Clate Robertson, Pat Reeves, T. M. Stewart, John Smart, Mrs. M. J. Springer, J. J. Sledge, will receive a family pass to the Ritz, July 7th.

## Just Like An Ostrich

A medical authority says that a person who tries to cover up their blemishes and pimples with toilet creams and powders is just as foolish as an ostrich that buries its head in the sand to avoid danger. Skin eruptions are nature's warning that constipation is throwing poisons into your bloodstream and weakening your whole constitution. Remove the constipated condition and you will strengthen your system against disease and clear up your disfigured skin. The best way to do this is with a course of Herbol, the vegetable medicine that acts naturally and easily, which you can get at

## All Wrought Up Over Nothing

Didn't sleep last night; too much work; the children are fretful; the Boss is cranky; Mrs. DeVere didn't invite you to her party.

Ordinarily you don't mind any of these things, but today they are simply unbearable. You are nervous, that's why.

Did you ever try Dr. Miles' Nerveine? Just two teaspoonfuls in a half glass of water will quiet your over-taxed nerves and bring you a feeling of calm and peace.

Dr. Miles' Nerveine is now made in two forms—Liquid and Effervescent Tablet. Both are the same therapeutically.

Do you knock on wood every time you set out for an airing in the car?

Is your heart in your mouth when you swing into a curve at a little more speed than the law allows?

There's nothing like a set of junky old tires to take the joy out of driving.

Why worry about blowouts when you can buy sturdy Goodyear Pathfinders at present levels?

Never in the history of the automobile has tire mileage been priced so low.

Supertwist cord, Goodyear craftsmanship, long life, safe riding.

FOR FIRST AID...YES!

IN MOTOR OIL...NO!

**P**ETROLEUM JELLY—a helpful part of every first-aid kit—a harmful part of motor oils. For unless petroleum jelly is removed from your motor oil by special treatment the oil will have a deceptive body—a body that promises perfect lubrication when cold, but turns water-thin in your engine after a dozen miles.

Sinclair Opaline Motor Oil has a genuine full body. Sinclair expert refiners remove petroleum jelly from Opaline at as low as 60° F. below zero—a point much lower than is required for just the removal of wax.

Opaline's body varies little in heat or cold; therefore can be

applied to your engine according to the Sinclair Law of Lubrication—a law based on the fact that the space which separates the pistons from their cylinder walls grows wider as the car grows older. For example, a car with 15,000 miles on its speedometer will lose compression and power unless it gets a heavier grade of oil than it got at 3,000 miles.

Sinclair Opaline is refined in several grades—one of which is designed to fit your engine in its present state of wear. We have a Sinclair Law of Lubrication Index which tells you the grade of Opaline you require.

### PASTURES—FOR PROFIT

By J. A. Barton, Co. Agent.

D. Kerley, who lives about one mile East of Hasse, near the Sturkie Bridge, says that he is thoroughly convinced that a good permanent pasture is a sound investment for him. That the work that he had done in the last four years in cleaning out his bottom of brush, thick timber, and leaving the pecans has shown him that it will pay. He has an increase of grasses, and a wonderful new growth of pecan timber.

Mr. Kerley has now a two acre

### Restless CHILDREN

**C**HILDREN will fret, often for no apparent reason. But there's always Castoria! Harmless as the recipe on the wrapper; mild and bland as its tastes. But its gentle action soothes a youngster more surely than a more powerful medicine.  
That's the beauty of this special children's remedy! It may be given the tiniest infant—as often as there is need. In cases of colic, diarrhea or similar disturbance, it is invaluable. A coated tongue calls for just a few drops to ward off constipation; so does any suggestion of bad breath. Whenever children don't eat well, don't rest well, or have any little upset—this pure vegetable preparation is usually all that's needed.

**WITCHER'S CASTORIA**

demonstration patch of pasture that has for the summer basis grass, bermuda, and has now a fairly good stand of white sweet clover and rescue grass. This fall and winter, Mrs. Kerley intends to add to this plot a mixture of legumes and winter grasses—such as Burr clover, lespedeza, black medic, carpet, dallis, annual and perennial rescue grass.

Mr. Kerley in his pasture work is going about the job with the idea in mind that good permanent pastures are planned, built, and cared for just as any other crop.

In talking over the pasture idea, Mr. Kerley says that a number of tests that have been conducted by experiment stations show that money invested in labor on permanent pastures gives a higher return than that invested on cultivated field crops. That in one instance that one dollar of labor invested in pasture equals to \$24.00 invested in field crop.

Mr. Kerley has for the last four years been working on his pastures and now has some 30 acres cleared out and only the spaced pecan trees are left. \$10.00 to \$30.00 annual return may be placed on improved permanent pastures, stated Mr. Kerley.

### COMANCHE CIRCUIT

The question of whether we would proceed with the Revival Meeting, planned to begin at Sidney Methodist Church next Friday night was fully and freely discussed at the meeting with the board of Stewards and others, last Sunday night.

Hence I am again calling your attention to the date of beginning, Friday night, July 3rd.

We are fully conscious of the busy times; there has not been a time and I doubt if there will be a time when we will not be busy. It is a question of which we consider of most importance, our secular affairs or the affairs pertaining to the work of the Kingdom. Let me say that the revival comes just once a year. For more than three months the date has been set. And I am sure that some have made special efforts to be ready for the occasion. If weather and crop conditions over which you have no control, has made it impossible for you to be ready, then do not blame your pastor or your neighbor but resolve to make the best you can out of the existing conditions. As pastor of the church we have right to expect your unselfish, full hearted, consecrated co-operation. You owe it to yourself, to your church, to your fellow man and to your God to do all in your power to make the meeting a success. This you can not do and willfully stay away from even one service. Your church is just as live, just as good, just as successful as its members make it. Are you satisfied with its present conditions? If not, then let us make a special sacrifice, if necessary to improve it.

Rev. J. M. Perry, Pastor of the Comanche Methodist Church will be with us and will do most of the preaching. He can not be with us next Sunday at 11 a. m. At that time Brother Gardner will preach. The pastor will have charge of the song service throughout the meeting. To those who will sing we extend an invitation and urge you to help us in this important part of the meeting.  
E. M. Daily, Pastor.

### OBSERVES 82nd BIRTHDAY

W. H. C. Fritts of Van Dyke observed his eighty second birthday Saturday by working half the day in the field and celebrating in the afternoon by eating a birthday dinner with Mrs. Fritts and spending the balance of the day in Comanche.

Mr. Fritts says that he is now making his seventy fourth crop and hopes to make at least one more. At the age of eight years he made a crop with his father in Parker County in 1857 and has made a hand ever since, working the same farm in Comanche county since 1872.

Mr. Fritts speaking of the articles running in the Fort Worth Star Telegram, "Down Memory's Lane," says his recollection of that city runs back to his visiting the Panther City in 1863 when it was a military fort, and one of the soldiers he met, being the late M. V. Fleming of Comanche.

### Unintentional Suicide

Many people are slowly poisoning themselves just as surely as if they drank iodine every morning for breakfast. They are daily absorbing the toxins, or poisons, created by accumulated waste matter in their congested digestive systems. Sooner or later disease will conquer their weakened bodies.

If you have headaches, coated tongue, bad breath, no appetite, bilious attacks, you are probably suffering from self poisoning caused by constipation. A relief for this condition is Herbine, the vegetable cathartic which acts in the natural way. Get a bottle today from

## HIGHWAY 36 TO BE GIVEN RECOGNITION

That Highway 36 from Abilene to Houston is to become a reality is evidenced by the interest shown by Abilene people, according to the Abilene Reporter. The proposed Highway 36, most of which is already an existing highway, goes from Abilene through Cross Plains and Rising Star, via Comanche, Hamilton and Gatesville, to Temple, from where the established highway is already the most direct route to the coast.

The money is available in Bell County for the construction of the road which is already surveyed to the Coryell County line, and the survey has been completed from there to Comanche, and State designation of the whole route has already been made, except from Comanche to Cross Plains.

Concerning the proposed road, the Abilene Reporter carries the following:

### Looks Like a New Highway

The delegation which went from Abilene to Austin to present this city's plea for designation of two new highways into Abilene met with encouragement from the state highway commission. They gained the active support of two members of the commission, with a promise that the designation of one of the routes would be made as soon as practicable.

Both roads are of great importance to Abilene and Taylor county. The county's share of the money needed for construction is ready for use. Work should be started as soon as possible, so that this money can begin to provide employment for idle men, but it is probable designation will not be made until some time next year.

Taylor has received no road designation since the Moody administration started, as members of the delegation pointed out. Both of the proposed new roads are badly needed. One, the Abilene-Bronte road, would be a link in the Butterfield Trail. The other, extension of No. 36 from Comanche into Abilene by way of Cross Plains, would give West Texas another direct route to tide water at Freeport.

The delegation composed of Messrs. R. M. Wagstaff, Ben L. Cox, J. L. McDavid and T. N.

## FIFTY SIX CARS OF GRAIN SHIPPED

Fifty six cars of grain including fifty of oats and six of wheat had been shipped from Comanche at noon Thursday, representing approximately 100,000 bushels.

Less than half of the grain has been sold according to buyers who are predicting that over a 100 cars will be shipped.

## High Blood Pressure

The subject of blood pressure—either high or low—is a very important one, as it is estimated that about 30 per cent of persons above 27 years of age are subject to disturbances from this cause. There are various drugs known to physicians which lower the blood pressure, yet the effects of such drugs are not permanent since they do not relieve the real underlying cause of the trouble. For that reason you should not purchase remedies advertised to correct high blood pressure unless your physician recommends them for your use. nothing was done to the field except turning the land until harvesting time.

Among the exceptional yields of oats reported in this section by actual record was raised by K. L. Macon on a patch of 10.5 acres two miles out of Comanche on the DeLeon road from which he threshed 998 bushels.

D. A. Brown of Mercer Gap made approximately 50 bushels per acre on 140 acres of oats.

Tom Luker of Mercer Creek threshed an average of 64 bushels of barley from 40 acres. His oats averaged 53 bushels on 195 acres.

Rock Williams of Mercer Gap threshed 36 bushels of wheat per acre from a 23 acre patch.

Raymond Levisay harvested 90 bushels of oats per acre. Dave Farror of Newburg threshed 50 bushels of barley per acre from a 40 acre patch.

Charlie Allen, south of Comanche threshed in excess of 80 bushels per acre of oats.

E. A. Rogers of Mercer Gap made more than 60 bushels of oats per acre.

Joe Ellis of Democrat from a field of Nortex wheat threshed 29.5 bushels per acre from a field of 70 acres. Mr. Ellis is located in a section of the county which suffered a slight drought and said that no rain fell on his grain from the time he took his stock off from grazing it until after the grain was threshed.

Elmo Montgomery threshed over 6000 bushels of oats from 100 acres.

Walter Barrett harvested from a 200 acre field around 73 bushels per acre and his 120-acre wheat field produced 80 bushels per acre.

An extraordinary good yield of high class oats were raised by Bowman Standridge of Newburg who threshed an average of 73 bushels per acre.

Ernest Wells of Sidney got his best yield of wheat this year since he has been farming, threshing an average of thirty two bushels per acre, some of the crop making as high as 36.

#### DE WOLFE (Continued from Page 1)

the Senate the sulphur tax and the cement tax were added to the same bill, so that when it came back to the House, it passed by a margin of some eight votes, because of the fact that many who were with me on the previous fight desired that cement and sulphur contribute more to the support of government.

There has never been a measure before the legislature that I endeavored harder to defeat, and I feel sure that if it had not been for the imposition of additional taxes on cement and sulphur, that I should have been successful in my fight.

During the time that this bill was before the House and Senate for consideration, I received hundreds of letters requesting me to vote for it; this was true as to other legislators. The whole-sale produce men spent thousands of dollars in getting this legislation passed, in order to force independent local merchants to purchase fruit and vegetables from them by placing a prohibitive occupation tax on the truck men who furnish the farmer with a market and sell those same products direct to the retail merchant for sale to the consumer.

During all of this time I received only two letters requesting that I fight this bill. One of these was from Mr. W. H. Carpenter of the Comanche Chief, and the other from DeLeon, signed by the President and Secretary of the DeLeon Lions Club and the DeLeon Watermelon Growers Association. I was the only one of the hundreds who appeared before the House and Senate Committees on this legislation who spoke against it, and yet I was originally successful in the House in eliminating the Peddler's Tax. I mention this not to be egotistical, but to impress on those who read this that if sufficient interest is created this unjust and discriminatory tax which was passed to benefit a particular class, can be repealed by a subsequent legislature.

Yours very truly,

HOMER C. DE WOLFE.

### Crop and Soil Specialist Coming

By J. A. Barton

E. A. Miller, extension crop and soil specialist of the A. & M. College extension will be in Comanche County July 8th.

An inspection tour of two farms will be made on the afternoon of July 8th. First meeting at 1 p. m. at the home and farm of W. H. Burton of near Newburg, and from there going to the farm of J. A. Reese, two miles the other side of Newburg.

On both farms will be found some interesting demonstrations that all will want to see. On the farm of Mr. Burton you will see growing, Kaffir, Maize, and Hegari all grown from Certified Seed in a field that has been contoured, that is, by running the rows on the level. Just come and see this farm and see how little land is wasted by this method. This farm has also treated all seed with Semesan Jr. and Ceresan. Mr. Burton will gladly show you a fine patch of Soy Beans.

On the J. A. Reese farm you will see also some fine maize grown from Certified Seed, but the thing you want you to see is his fine terraces and patch of clover, which was planted this spring. This clover is planted in rows, come and look it over.

You will enjoy Mr. Miller's talk, as he always has some real practical information to give out, and probably is one of the best if not the best along his line in Texas.

The meeting will start at 1 p. m. and last until about 3:30 or 4:00 o'clock.

### J. A. Greer Falls Dead

J. Albert Greer, 506 East Adams, taxi driver, died suddenly from a heart attack at his home Friday afternoon, June 26, at 2:30 o'clock.

Mr. Greer had been in town and had driven to his house, got out of his car and walked in the house when he suffered the attack. He had not been ill in the last few months and seemed to be in good health.

Mr. Greer is well known here and in Comanche, having been in the taxi business at Comanche for years before he came to Brownwood about seven or eight years ago.—Brownwood Bulletin.

Interment was at Mercer Gap cemetery Saturday afternoon at 4 o'clock.

### R. C. Bowman Dies Suddenly

R. C. Bowman died at his home near Amherst Monday, June 29, the end coming suddenly according to a message received shortly after his death. His body was brought to Comanche Tuesday and interment was made in the Indian Creek Cemetery Wednesday.

Rufus Columbus, son of J. H. Bowman was a native of Comanche County and was born in the Indian Creek community, where he lived until the fall of 1929 when he moved to Amherst. Mr. Bowman was married twenty two years ago to Miss Annie Hicks who with two sons, Virgil 20, and Carlton 18, survive him.

Mr. Bowman is also survived by the following brothers and sisters: Levi and Jim Bowman and Mrs. Macon Haynie of Santa Barbara, California; Mrs. John Steele of Levelland, Rev. Carroll Bowman of Rice, Mrs. Frank Steele of Rannels County and W. A., R. L. and Arlie Bowman of Comanche.

Mr. Bowman was converted in early life and united with the Methodist Church and was an active member until his death.
